EARLY BIRD REGISTRATION:

5TH MARCH 2011

AUSTRALIAN SOCIETY *for* COLPOSCOPY & CERVICAL PATHOLOGY INC

presents *Improving Standards in Colposcopy* XXII SCIENTIFIC MEETING.

HOBART, MAY 5TH - 8TH 2011

INVITATION TO ATTEND

It is with pleasure that we invite you to attend the

XXII SCIENTIFIC MEETING

of the

AUSTRALIAN SOCIETY *for* COLPOSCOPY
& CERVICAL PATHOLOGY INC (ASCCP)

in HOBART, 5TH - 8TH MAY 2011.

*The venue for the meeting is The Hotel Grand Chancellor Hobart,
the city's premier CBD hotel situated on Hobart's waterfront*

*We hope that you will be able to join us for the meeting
and look forward to seeing
you in Hobart.*

ABOUT HOBART

Hobart is the capital city of Australia's Island state Tasmania. Nestled beside the River Derwent, it has the magnificent Mount Wellington rising above it. With a population of approximately 220,000 Hobart offers a city like feel, without the crowds and constant rush of city living.

As one of Australia's oldest settlements it has a rich and varied history. It is a city of culture, tradition and hospitality famous for its locally sourced culinary delights and award winning wines.

There is a great variety of activities and attractions. Whether you are interested in nature's beauty, for which Tasmania is renowned, or charming cafes and shopping, Hobart has it all. With the cleanest air in the world this beautiful place is great to just to unwind and relax in.

ASCCP COMMITTEE OF MANAGEMENT

PRESIDENT:	<i>David Allen</i>
IMMEDIATE PAST PRESIDENT:	<i>Louise Farrell</i>
VICE-PRESIDENT:	<i>Chris Dalrymple</i>
SECRETARY:	<i>Peter Russell</i>
TREASURER:	<i>Jeffrey Tan</i>
COMMITTEE MEMBERS:	<i>Ian Etherington Gary Fentiman Annabelle Farnsworth Robert Rome (Co-opted)</i>
CO-OPTED & CHAIR XXII SCIENTIFIC MEETING:	<i>Penny Blomfield</i>
LOCAL SCIENTIFIC COMMITTEE MEMBER:	<i>Amanda Dennis</i>

THE ASCCP

The purpose of the Society is to provide a forum for education & the dissemination of knowledge relevant to the diagnosis & management of the disease processes of the cervix, vagina & vulva. The Society also aims to advise learned bodies & government, & to establish relations with national & international organisations.

CALL FOR ABSTRACTS

Submissions are invited for oral presentations in free communications sessions at the meeting.

Abstracts should be no more than **250 words** and be submitted no later than the **31st January, 2011**.

Papers submitted by authors considered to be early career investigators will be considered for the **\$1000 President's Prize**, which is awarded at the discretion of the President.

As far as possible, the data presented in the abstract should not have been published or presented at another major meeting. If previously presented, the author(s) must indicate where and when the data has been reported.

All abstracts will be subjected to peer review by specialists in the field.

It is a condition of submission that the presenting author of the abstract must register their attendance and pay the registration fee by the Early bird Registration deadline of 4th March 2011. We regret that abstracts will be excluded from the program and abstract publication if your registration is not received by this date.

INVITED SPEAKERS

- **DR. STANLEY J ROBBOY: MD, FCAP**

Dr. Robboy has been at Duke University for 19 years where he is Vice Chairman of the Department of Pathology, Chief of Diagnostic Pathology and senior author/editor of Robboy's Pathology of the Female Reproductive Tract.

He trained at the Massachusetts General Hospital in Boston, becoming an attending pathologist there and rising to associate professor at Harvard Medical School. He is a renowned lecturer in gynaecologic pathology and pioneered the unraveling of the DES (diethylstilbestrol) story. He has been Professor and Chairman of the Pathology Department, New Jersey Medical School and Commissioner for the State of New Jersey's Commission on Cancer Research. He has also been Trustee of the American Pathology Foundation and President of the Arthur Purdy Stout Society of Surgical Pathology. Currently, he is President-Elect of the College of American Pathologists.

- **DR MAGGIE CRUICKSHANK**

Dr Maggie Cruickshank works as a Senior Lecturer/Honorary Consultant Gynaecologist within the Gynaecology Oncology Service in Aberdeen, Scotland with a special interest in colposcopy and vulva disorders. She is the lead clinician for colposcopy in Grampian region and is the President-elect of the British Society for Colposcopy and Cervical Pathology.

She has a programme of research in pre-invasive disease of the lower genital tract, clinical research trials and molecular studies with Universities of Edinburgh, Dundee, Cambridge, Nottingham and Strathclyde and NHS Scotland. The focus of this work relates to Human Papilloma virus infection (HPV). She leads a health services research programme to investigate the impact of HPV immunisation on cervical screening and the role of HPV testing as a primary screening tool with collaborators in the Scottish HPV Investigators Research Network (SHINe).

- **DR. MUHIEDDINE A-F SEOUD: MD, FACOG, FACS**

Dr Muhieddine Seoud completed residency training in Obstetrics and Gynecology at the American University of Beirut Medical Centre (AUBMC) and at the Eastern Virginia Medical School and the Jones Institute of IVF in Norfolk, Virginia. He then completed a fellowship in Pelvic Surgery and Gynecologic Oncology at the Kansas University Medical Center.

On return to Beirut in 2001 he became Professor and acting chairman of the department at AUBMC. He has focused his research in the field of gynaecological oncology and also HPV infection and cervical cancer. His fields of interest include the role of aggressive surgery in ovarian cancer, the role of genetics in recurrent molar pregnancy, the role of hormonal therapy, and the role of HPV vaccination in the prevention of cervical cancer. He has published and is currently working on the incidence of HPV in Lebanon and the Middle East. He is the past president of the Lebanese Ob-Gyn society. He has published over 90 original manuscripts and presented in over 130 scientific meetings. He is the recipient of several local and international grants.
